MICHAEL'S BROMELIADS

A Unique Selection of Quality Bromeliads

PLANT LISTING

Michael's Bromeliads is a family operation providing quality plants for the avid collector as well as those new to this interesting group of plants. Our list has grown to include nearly 1500 selections from over 40 genera. Please contact us if you would like any further information or descriptions of specific plants. There is a great source of information including a photo index on the Internet at www.fcbs.org. There also are several popular books listed on the back page of the catalog that are great guides to learning about Bromeliads. If there is a specific plant you are looking for but don't see listed, please ask. Our collection is constantly growing so we have many additional plants in small quantities that are not yet listed.

The prices in this catalog are for mail order purchases and include a handling charge. Plants purchased at our nursery vary in price according to size and availability. Plants shipped will be medium sized offsets or larger, and will be shipped bare-root, individually wrapped and labeled. Due to the size of our collection we are limited in the quantity we can keep of some plants. In the event of a shortage a refund will be made or we will substitute only at your request. When ordering please list a few alternates to avoid any delays in shipping your order.

An order form is included for your convenience. All US shipments will be shipped by US Priority Mail unless instructed otherwise.

This is a 2-3 day service and has proven to be reliable at a reasonable cost. Include the following shipping charges with your mail order.

Order size: up to \$35.....\$6.00
\$36 & up.....\$9.00

For international shipments provide an import permit or it's equivalent as required by your agricultural authorities. Shipping charges will be estimated based on the size of the order. Include an additional \$40 for orders requiring a Phytosanitary certificate. Payment may be made by check, money order, Visa, Mastercard or bank transfer. Discounts for group purchases are available to members of Bromeliad Society affiliates, please inquire.

If you're ever in our vicinity please come by and visit our nursery. We are available by appointment on weekends or after 5:00 PM on weekdays. We'll look forward to hearing from you.

Michael & Donna Kiehl
