BROMELIADS

Quesnelia marmorata

Tropiflora

6610 44th Ave. Plaza East Bradenton, Florida 33508

Phone (813) 755-6567 8 A.M. - 5 P.M.

*Tropiflora is a member in good standing
of these fine
professional organizations*

Dennis and Daris Cathcart, Owners John D. Dragan, Greenhouse Manager
Visitors Welcome

Our hours are 8 A.M. to 5 P.M., 7 days a week. See map on back cover for directions.

Since we are primarily a mail order Nursery, we would appreciate your phoning ahead before you visit.

Guarantee

Our plants are healthy and true to name to the best of our ability. Except for circumstances beyond our control, we will replace plants for any part of the shipment you find unsatisfactory. You must notify us within 10 days of receipt of the shipment and return the plants to us at your expense. We are not responsible for damage incurred during shipment.

Ordering

Please thoroughly read the instructions in this catalog.

Unless otherwise noted, prices in this catalog are for medium to large size plants. Rooted offsets are sent only if larger sized plants are not available. Plants showing a price range are usually available in several sizes. The smallest price being for an offset.

Pup Prices

For the first time, we are offering offsets or "pups" of most bromeliad varieties. Substantial savings can be had by ordering pups, but be sure to read and understand the following:

Pups are offered "as available" only.

To qualify as a pup, the plant must still be attached to the parent until it is removed for your order.

Pups may or may not be rooted, but will always be strong enough to be removed and grown.

Pup prices are net. No further discounts are available for quantity.

As pup size plants are not always available, we strongly recommend that you authorize substitution for larger size plants of the same variety as may be necessary to complete your order.

Plants with "inquire" after them will be available in limited quantity. Please send your specific inquiry.

Blooming or "specimen" plants are available from time to time. Please let us know your needs.

Due to limited stock of some varieties of bromeliads, we suggest that you write to us before you place your order. We will let you know if the plants you want are on hand, the sizes, and any price change. Your S.A.S.E. is always appreciated.

Substitutions will not be made without your permission. However, we recommend that you allow us to substitute for plants of a larger or smaller size as may be necessary to complete your order. A list of a few alternate choices is also a good idea in the event that we are out of your first choice.

We invite your inquiries about bromeliads not appearing on our list. We have limited numbers of bromeliads not listed which become available from time to time. Also, our collection grows daily and new varieties are constantly being added to our availability list.

Terms

Payment with order unless you have established credit. All Florida residents must add 4% sales tax. Payment should be made by personal check, money order or credit card only. (VISA and MasterCard accepted, see note below.)

Minimum order \$10.00 inside the U.S. and \$50.00 for foreign orders, except Canada.

Credit

Terms for credit customers are 30 days net. All accounts more than 30 days old will be considered delinquent and charged interest at the rate of 1½% per month. All applications for credit will be considered.

Credit Card Payment

VISA and MasterCard will be accepted in payment for any pick-up, telephone or mail order. Please give full name, address and telephone number. Also, credit card number and expiration date.

Telephone Orders

Telephone orders will be accepted from customers with established credit and customers wishing to pay using a credit card.

Discounts

All prices for *books* and *supplies* are net, no further discount is available. Discounts are available on plant orders only, *excluding* pups and collections, as follows:

10% on plant orders actually filled, totaling over \$100.00, to be given credit toward your next purchase only. A credit memo will be sent with your order.

Botanical gardens, schools and universities may take a 10% cash discount on any plant order.

Shipping

We ship world wide and are certified shippers to California, (Burrowing Nematode Cert. #710).

Plants are sent bare root and are carefully packed to insure their arrival in excellent condition.

A packing charge of \$1.00 per box will be billed with postage.

Orders are sent by UPS or Blue Label UPS. Shipping will be billed to you the next day. Shipping by Air Mail or other means on request.

Export Shipments

Minimum order accepted from outside the United States is U.S. \$50.00, except Canada. Import permits, if necessary, must be sent with the order. (Canada now requires an import permit). We will arrange for a Phytosanitary Inspection Certificate and \$5.00 must be added to your order to cover our cost.

Wholesale Information

Wholesale pricing information sent on request. Inquiries must be sent on your company letterhead. Include your sales tax exemption number.

Special Services

PHOTOS: We will send a Polaroid SX-70 photo of any plant for our cost, 75¢ each, at your request.

WAITING LIST: At your request, we will place your name on a waiting list for any plant which is out of stock. You will be notified when your plant becomes available.

MAILING LIST: Names of persons who have placed an order in the last two years will be kept on our active mailing list.

Wanted to Buy or Trade

Bromeliad species and hybrids not listed in this catalog. Also, any used books, journals or articles concerning bromeliads.

This catalog

The following is our 1981-82 bromeliad listing. 1,400 species and hybrids of greenhouse-grown bromeliads. All of our plants are grown slowly for compactness of size and maximum color. Your satisfaction is assured.

Prices in this catalog cancel all previous price quotes written or oral and are subject to change without notice.

NOTE: We are now offering *Mounted Tillandsias* as a regularly stocked item. While a little more expensive, the mounted plants are generally larger and are sometimes in small clumps. When plants are imported or divided by us, most are mounted immediately and are therefore often rooted and well-established when sold. Mounted tillandsias are a better value.
